collective

## THE COLLECTIVE

MUNK is a collective of different designers and architects from all over the world.

our aim is to give the young and upcoming a chance to show their talent and to help them unfold their ideas and designs.

we believe in learning together and from each other — welcome to our collective!

MUNK

hans peter munk is the founder of MUNK collective, but he is also a self-taught designer. he has a rational way of approaching design; he thinks about a specific need and then how to fulfill that need.

hans peter designed CLICK lounge chair, TURN lamp and the shelving system CLIMB.
